

eircom NGN business internet

eircom's best ever business internet service

**Business Internet access at
symmetric speeds up to 1 Gbps
nationwide at our best ever prices.**

With eircom NGN business internet you benefit from:

Better cost efficiency

- Substantially reduced internet prices across the board.
- A single NGN connection can deliver multiple services which enables a more cost efficient way of managing connectivity.

Better service

- The best reach of any Internet provider nationwide with unrivalled global Internet links.
- With eircom you can access business Internet, IP VPN and Ethernet over a single access, so you have less equipment to store.
- Offers the familiar RJ-45 connection or optical if desired.
- Can be delivered over copper or fibre as required.

Better performance

- Choose from a wide range of speeds, from 1 Mbps to 1 Gbps.
- A symmetric connection on our uncongested Next Generation Network gives you better speed and responsiveness.
- Gigabit speeds and reliable performance support your high-bandwidth applications, including videoconferencing and VoIP.

Better expertise

- Proactive response team and nationwide engineers.
- The preferred ISP of more Fortune 500 companies than any other business ISP in Ireland.

**Benefit today from
Ireland's largest
and best connected
internet service provider**
